Davao de Oro State College (DDOSC) recognizes the importance of promoting equitable access to higher education and supporting the academic success of students, particularly those from economically disadvantaged households. Through its institutional policies on academic retention, guidance and counseling, and student support services, the College establishes mechanisms intended to assist students in overcoming academic challenges and continuing their education.

For Academic Year 2025–2026, DDOSC recorded a total of **7,111 enrolled students during the First Semester** and **6,811 enrolled students during the Second Semester** across its campuses. Based on the consolidated household income records, **2,414 students (33.95%)** in the First Semester and **2,358 students (34.62%)** in the Second Semester reported a monthly household income of ₱5,000 or below. These figures reflect the presence of students from economically disadvantaged households within the College's enrolled population.

Furthermore, the official Registrar's Certification confirms that **1,746 students successfully completed their respective academic programs in June 2026**, of whom **1,612 graduates (92.33%)** were qualified under the Free Higher Education (FHE) Program. These results demonstrate the College's overall degree completion outcomes during the academic year.

The College's Student Handbook further provides an institutional policy framework for promoting academic continuity and student welfare. Its provisions on academic standing, retention, guidance and counseling, academic probation, referrals, and remedial support establish mechanisms intended to assist students who may encounter academic difficulties.

Taken together, the certified enrollment records, household income distribution, graduation statistics, and Student Handbook provisions provide **supplementary evidence of educational participation, institutional support mechanisms, and degree completion**, including within a student population comprising economically disadvantaged households.

Scope and Limitation: The evidence presents the officially certified enrollment, household income, and graduation records of Davao de Oro State College (DDOSC) for Academic Year 2025–2026, supported by the institution's Student Handbook provisions on academic retention, guidance and counseling, and student support services.

The household income records provide documented information on the socioeconomic profile of enrolled students, particularly those from economically disadvantaged households. Meanwhile, the certified graduation records demonstrate the College's overall degree completion outcomes, reflecting educational success within its student population.

These institutional records, together with the established academic retention and student support policies, provide relevant supplementary evidence of DDOSC's commitment to promoting educational participation, academic continuity, and degree completion among its students, including those from economically disadvantaged backgrounds.

STUDENT HANDBOOK POLICY REFERENCES

The DDOSC Student Handbook provides the following supporting institutional policy references:

Page/Section	Relevant provisions
Pages 42–43 – Academic Delinquency, Warning, and Retention Policy	Establishes institutional provisions concerning students' academic standing and continued enrollment.
Pages 55–58 – Guidance Services	Provides for guidance and counseling, individual student inventory, follow-up services, academic probation assistance, referrals, and remedial or enrichment support.

These provisions establish the College's policy framework for assisting students in maintaining academic standing and addressing educational challenges. They complement the certified enrollment, socioeconomic, and graduation records presented in this supplementary evidence.
