Policies and Guidelines for Institutionally-Funded Scholarship and Assistance for the Students of Davao de Oro State College

I. Rationale

The provision for Institutional Scholarship and Assistance for Students of Davao de Oro State College is in accordance with the provision of Article XIV, Section 1 of the Philippine Constitution "to protect the rights of all citizens to quality education at all levels and shall take appropriate steps to make such education accessible to all," Article XIV, Section 2(3) "to establish and maintain a system of scholarship grants, student loan programs, subsidies and other incentives which shall be available to deserving students especially to the underprivileged in both public and private schools," and Republic Act No. 8292, Section 4(n), which mandates the governing boards of State Universities and Colleges to establish scholarships to deserving students".

This provision is crucial knowing the fact that government and privately-funded scholarships may not always cover the full cost of education for all students. Some students may have financial needs that are not fully addressed by existing scholarship programs. By offering Institutionally-Funded Scholarships and Assistance, the College can bridge this gap and provide additional support to students who needed it.

Furthermore, institutionally-funded scholarships can help attract and retain talented students. By offering financial assistance to high-achieving students, the College can encourage them to pursue higher education and excel in their academic pursuits. This, in turn, can enhance the overall quality and reputation of the institution.

II. Policy Statement

In line with the College's commitment to supporting education and fostering academic excellence, the Policies and Guidelines for Institutionally-Funded Scholarship and Assistance for students aim to provide financial assistance to deserving students who demonstrate academic achievement, financial need, and a commitment to their personal and academic growth. These policies strive to ensure transparency, fairness, and accountability in the selection and disbursement of scholarship funds, while also encouraging diversity and inclusivity within the College community.
